E-Plex® 2000

Electronic Pushbutton Locks

Electronic Access Control Starts Here

An Economical Way to Step Up to the Benefits of Electronic Access Control without Breaking the Bank

The E-Plex combines the strength, simplicity and reliability of our industry leading Simplex® pushbutton locks with the enhanced features and convenience of electronic access control.

PIN access eliminates the cost and problems of issuing and managing keys or magnetic cards. You will no longer need to collect or change credentials each time there is a user change or a credential is lost or stolen.

- 100 access codes - including user and service levels
- Cylindrical latch
 - 2 3/8" (60 mm)
 - 2 3/4" (70 mm)
- Simple to install and maintain
- Easy to manage - no software required
- Key override options
 - Small Format Interchangeable Core
 - Key-In-Lever, Schlage C Keyway
 - No key override

EASY TO INSTALL

The E-Plex 2000 easily installs on wood or metal doors with ASA 161 door prep. Three through bolts secure the lock to the door.

- Requires no wiring to or through the door
Eliminates risk of damage from pinched wires that can result in costly callbacks
- Non-handed and field reversible design accommodates both left- and right-hand doors
- Rugged and weather-resistant external housing can be mounted outdoors and includes installation gasket

EASY TO MANAGE

With the E-Plex 2000, users and locks are easily managed at the door with simple keypad programming.

- Multiple operation modes include PIN entry, passage and lockout

Provides flexibility to control facility's access requirements according to security needs during the business day

Passage mode can be activated by authorized user with assigned PIN and pre-programmed to re-lock after a certain number of hours

- Four authority levels give you control over who has access to various lock functions

Master level - performs all set-up and programming functions

Manager level - administers common programming functions

Access user level - entry granted with valid PIN

Service level - codes for single event or single day access, programmable in advance

EASY TO USE

The E-Plex 2000's user friendly design is equipped with ADA compliant levers. Programmable user parameters customize the lock to the needs of different access points.

- Audio and visual indicators notify users when access is granted or denied
- User access code length can be set from 4 to 8 digits
- Time interval between combination entry and relocks is variable from 2 to 20 seconds
- Anti-tamper feature disables the lock after multiple invalid combination entries - set for between 3 to 9 attempts and up to 90 seconds

EASY TO MAINTAIN

The efficient design of the E-Plex 2000 provides at least 100,000 cycles of battery life with 3 AA batteries. Metal, vandal-resistant keys ensure the integrity of the lock.

- Two-year warranty begins on date of lock activation - built in warranty counter
- Outstanding customer support team
